

A Few Spots from Camp Connell

Lake Alpine is north from Connell

Nearby White Pines Lake has kayak & other water rentals + 9-hole mini-golf

Murphys is a 'full-service (for tourists)' old mining town whereas Columbia State Historic Park has more history?

Natural Bridges Hike to Coyote Creek Cave (where the creek has carved out a tunnel) is a wet-water experience.

Short hike but there may be some river rock walking in the stream.

You might want some water/rubber shoes, swimsuit, inner tube, bug spray?

*Disclaimer, I've never been!
